REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents:

A certificate of correction is respectfully requested in the above-identified patent.

The following error was made:

In the claims, issued claim 6, column 8, line 20, the line “configured to amplify an output of the transmitter.” is incorrect. As set forth in the Amendment filed with the U.S. Patent and Trademark Office on September 29, 2009, the correct line should read --a power amplifier configured to amplify an output of the transmitter.--

Issued claim 6 appears as claim 8 during prosecution

Attached is the certificate of correction, which indicates the correction to be made, by reference to the column and line number in the printed patent. Because the error was made by the Patent Office, no fee is necessary. However if the error is determined to be our error, the Director is hereby authorized to charge payment of any fees associated with this communication to Deposit Account No. 19-1090.

Respectfully submitted,

SEED Intellectual Property Law Group PLLC
